• THIS IS NOTES

American Walnut • Bricks • Luxury • Elegance

Notes is made from American walnut coming from rejected sapwood and surplus stock. The masonry layout gives the whole a pleasant, visual rhythm. So sit back and enjoy the melodies and harmonies. The purple hues and solid thick wood tiles, give Notes certain self-confidence. Give it space, let it play.

• THE WOOD

A distinctive mix of soft sapwood tones and rejected darker heartwood, that's our American Walnut. Its beautiful purple brown hues offer a luxurious appearance from which you can barely keep your

eyes off. The wood of walnut is flamed straight, but can have an occasional wavy or dancing grain that produces a very characteristic and attractive look. This makes our American Walnut all the way from our workshop in Vietnam the perfect wood for our Notes panels.

WONDERWALLSTUDIOS

MISSION

To create joyous panelling from salvaged woods
that enriches surfaces and enhances your interior.

We strive for the highest quality to produce
panelling that will last a lifetime.

HOW

We scour the land for woods that can be salvaged
and upcycled, giving discarded timber a second
lease on life. Typically, we'll turn a weathered girder
into a striking collection of unique wall tiles.

It's a reincarnation of sorts.

WHY

We love wood and working with craftspeople.

We love salvaging woods, breathing new life
into something old, worn and weathered.

We love exploration and travel. We love design and
having fun with like-minded souls.

That's why we do what we do the way we do it.
